

*"Green and Growing in Maine"*

### **SAVINGS WITH FOAM INSULATIONS:**

**Besides the normal savings of 40% to 50% on your fuel bills, Homeowners have additional energy savings opportunities:**

- **2010 Federal Tax Credits available for Homeowners: 30% of project cost for up to a \$1,500 tax credit**
- **Very low interest Maine H.E.L.P. Loans for qualified Homeowners (\$7.37/month per \$1,000 borrowed)—administered by the Maine State Housing Authority**
- **Maine Home Performance Program: Up to \$3,000 for qualified home energy improvements—administered by Efficiency Maine**
- **Low interest home equity loans for energy improvements through participating banks**
- **For Unutil natural gas customers: up to \$1,500 for qualified weatherization retrofit projects**
